

# Tower of Strength Ministries

Proverbs 18:10

Tower of Strength Ministries is motivated by **God's heart for the fatherless** and exists to provide homes for those oppressed and marginalized in developing countries, spreading the gospel, and providing maximum return on Kingdom investments!

This is an opportunity for the Christian community to have a **major impact** through expanding the Kingdom of God in Africa and beyond by investing in the next generation. By building model communities, helping those who have been oppressed and disenfranchised obtain dignity, a Christian identity, and skills to be disciples of Jesus, they can in turn be lights in their nations.

Tower of Strength Ministries is in the process of building a compound in **Zambia** that will be a replicable model of how the love of God can radiate from a modest space throughout the region and an entire nation. The community compound will provide a Christ-centered environment where widows can feel productive while providing love to orphans. The goal is for these orphans then to become disciples of Jesus, self-supporting and productive citizens of Zambia, giving back to their community financially and by spreading the gospel to all who are open to it. Our discipleship training is a Christ-focused education based on Biblical principles such as: **parenting, life and job skills**.

The community is a place where widows and orphans can have their dignity restored, where oppressed children can thrive, where widows can feel useful again, and where newly formed families can flourish. This is the kind of active helping community that God has envisioned us with for sharing His gospel message.

*Everything that is done in this ministry is aimed at glorifying Christ and expanding His Kingdom by building true disciples.*

Tower of Strength Ministries will provide **leverage and visibility** towards making a difference for Christ. We are a faithful ministry and an exemplary steward of resources with 100% of your contribution going towards the establishment and maintenance of the community.

Tower of Strength Ministries is committed to not only providing maximum value to beneficiaries, but also providing the best opportunity for givers to have confidence that their contributions are yielding maximum return on investment - for beneficiaries, AND for the Kingdom of God.
